3. CONSIDERATION OF APPROVAL OF THE RADIO TOWER AGREEMENT WITH NC DIVISION OF FOREST RESOURCES

BACKGROUND:
The Emergency Management Department was contacted by the NC Division of Forest Resources to see if Cumberland County had available radio tower space for installation of
an antenna. Their existing agreement for the tower on Palestine Road has expired and their goal is to find a more centrally located site within Cumberland County to provide better radio communication coverage. The Emergency Management Department then contacted the Engineering & Infrastructure Department to discuss the possibility of the Forestry Service using available space on the tower located atop of the County facility located at 109 Bradford Avenue, the former Mental Health Building.

There is available space on one of the existing towers located at the facility and there is actually an existing VHF antenna that is currently not in service that the Forestry Division utilized to test the communication coverage. It was determined from the test that this location did indeed meet their needs and it was also determined that their antenna would not have a negative impact on the existing communication antennas, as their antenna will be on a different frequency from the existing antennas. The use of the available space on the tower will provide more effective and efficient services to the citizens of Cumberland County without any negative impact to existing operations.

This was initially presented and approved by the Facilities Committee on November 6, 2014, however there was liability language within the tower agreement that the County Attorney requested to be changed after it was presented. Therefore, it was determined that this should be brought back to the Committee for review and approval.

RECOMMENDATION/PROPOSED ACTION:
The Engineering and Infrastructure Director along with County Management recommend that the Facilities Committee approve the use of available space on the radio tower located atop of 109 Bradford Avenue for the purposes of the NC Division of Forest Resources operating a radio antenna and forward it to the Board of Commissioners for its consideration at their August 17, 2015 meeting.

*****

Jeffery Brown, Engineering and Infrastructure Director, reviewed the background information and recommendation as recorded above.

MOTION: Commissioner Lancaster moved to recommend to the full board approval of the use of available space on the radio tower located atop of 109 Bradford Avenue for the purposes of the NC Division of Forest Resources operating a radio antenna. 

SECOND: Commissioner Keefe

4. DELI FRANCHISE AGREEMENT UPDATE

BACKGROUND:
In 2011, Cumberland County entered into a franchise agreement allowing the Happy Deli to provide food services at two County-owned facilities. That particular agreement was
set to expire in 2014, but during the November 6, 2014, Facilities Committee Meeting, a
motion was made by Commissioner Edge to recommend to the full board consideration
of approval to extend the franchise agreement for operation of the Courthouse and DSS
snack bars until September 15, 2015 and then look into bidding it out. In addition, the
committee requested that our Internal Auditor complete a compliance review based upon
the franchise agreement, and for County Management to pursue a discussion with the
Happy Deli regarding acceptance of debit/credit cards and other suggested changes.

RECOMMENDATION/PROPOSED ACTION:
Consider the development of an RFQ process for a deli franchise that will service the
Courthouse and DSS.

*****

Tracy Jackson, Assistant County Manager, reviewed the background information and
recommendation as recorded above.

Tammy Gillis, Internal Auditor, stated she conducted a review of the Happy Deli to
verify the accuracy of the daily sales reported to the County as well as to identify any
changes that have been implemented in the deli. Ms. Gillis stated the daily sales reports
generated by the deli’s cash register system for the months of October 2014 through June
2015 were compared to the monthly sales reports that were submitted to County Finance.
Ms. Gillis stated the receipts from July 2014 through September 2014 were not reviewed
because the proprietors van was broken into and his backpack containing his sales
receipts and other items were stolen. Ms. Gillis further stated she did review the police
report regarding the stolen backpack and receipts.

Ms. Gillis stated all reports and rent payments were submitted to the County on time.
Ms. Gillis further stated on eight (8) occasions the proprietor over reported sales amounts
and on six (6) occasions sales were under reported. Ms. Gillis stated the result was a net
overpayment of $181.03 to the County.

Ms. Gillis stated in November 2014, the proprietor began accepting debit/credit cards as
payments which has resulted in an approximate 20% increase in the deli’s monthly sales.
Ms. Gillis stated in February 2015, the tables in the deli were rearranged and many
decorative items were removed, which has resulted in a less cluttered appearance. Ms.
Gillis stated the deli has consistently received a sanitation rating in the high 90’s to 100
and currently has a 99 rating. Ms. Gillis stated the deli offers a menu with a wide variety
of items to choose from and is willing and does prepare special order items that are
within their abilities.

Ms. Gillis stated during FY 2015, the Happy Deli reported accurate sales information and
paid the correct amount of rent timely. Ms. Gillis further stated the Happy Deli made
changes and improvements as requested by the County and customers.

Commissioner Keefe stated he feels the reporting procedure has been too loose with this
contract. Commissioner Keefe stated he feels a system needs to be in place to ensure the
County is getting the proper percentage of sales rate outlined in the agreement. Ms. Cannon stated the debit/credit card system is an electronic system. Commissioner Adams asked how long the RFQ process would take. Ms. Cannon stated the agreement would need to be extended for a period of time (through the end of December 2015) to do a thorough RFQ process.

MOTION: Commissioner Keefe moved to recommend to the full board to begin the RFQ process for a deli franchise that will service the Courthouse and DSS and extend the current contract to December 31, 2015 but have staff present the RFP to the Facilities Committee no later than 90 days prior to the end of the extension of the agreement.
