NOTICE TO BUSINESS OWNERS

Business Personal Property Taxation

Cumberland County Tax Administration

www.cumberlandcountync.gov/tax

What is Personal Property?

According to the North Carolina General Statutes, all property that is not defined or taxed as “real estate” or “real property” is considered to be “personal property.” Business personal property is taxable whether it is owned, leased, rented, loaned, or otherwise made available to the business.

(See Types of Business Personal Property)

Who Must File a Business Personal Property Listing?

The completion of a listing form is required of all individuals, partnerships, corporations and associations who on **Jan. 1** own, control or possess any number of leasehold improvements or personal property (tangible) used or held for a business purpose. The question of exempt status does not excuse any of the foregoing from this requirement.

Farmers, carpenters and mechanics who own tools and equipment used in a trade of business should list.

When & Where Does a Business Owner List?

The business personal property listing must be filed on or before **Jan. 31** with the Cumberland County Tax Administration Business Department. Listings submitted by mail shall be deemed to be filed as of the date shown on the postmark affixed by the U.S. Postal Service. If no date is shown on the postmark, or if the postmark is not affixed by the U.S. Postal Service (for instance, your own postage meter) the listings shall be deemed to be filed when received in the Cumberland County Tax Administration Business Department. **All late filed listings SHALL be subject to a ten percent (10%) penalty.**

An extension of time to list may be obtained by sending a written request showing “good cause” to the County Assessor by **Jan. 31**.

Types of Business Personal Property

Supplies and Materials

List all supplies and materials which are not consumed in manufacturing, processing or become a part of the sale of the property being sold. Include spare parts held for equipment maintenance and repair even though they may be carried in an inventory account, as well as medical and beauty supplies. Hotels should list the supplies that are provided in their room charge. Inventories, for example, goods held for sale in the regular course of business by manufacturers, retail merchants and contractors are exempt from listing inventory. This includes raw materials, goods in process of manufacturing, and finished goods.

Tangible Personal Property

All tangible personal property must be listed as of **Jan. 1**. Taxpayers with a business year-end other than **Dec. 31** must update their records to the **Jan. 1** reporting date. Tangible personal property includes, but is not limited to, machinery, equipment, furniture, fixtures, drawings, signs, purchased software which is treated as a capital asset, reference libraries, etc. All items must be listed at 100% cost including installation, sales tax, freight and any associated costs.

List unlicensed vehicles and special truck mounted equipment (cranes, wrecker equipment, etc.) attaching a schedule showing the year acquired, cost, description of equipment and license number of vehicle on which installed. Personal property which you rent or lease to others is not exempt from property taxes. If you own such property, attach a schedule showing lessee's name and address, a description of the property, the year acquired and the cost.

Construction in Progress

Report 100% cost of all personal property carried in the CIP account as of **Jan. 1**. Provide information as to the categories of property carried in this account and a detail of the expenditures for each during the preceding calendar year.

Leasehold Improvements

Report total investment during preceding calendar year in leasehold improvements. Certain improvements are not assessed as real estate but are considered to be personal property. Examples include special lighting, dropped ceilings and lavatories installed by lessee in a barber shop. The real estate valuation includes such items as floor covering, wall covering, ceilings, normal lighting, heating, air conditioning, sprinkler systems, paving, fencing and area lighting.

Vehicles

You are no longer required to list registered vehicles (automobiles, trucks, trailers, motorcycles, or motor homes). The tax on these vehicles will be billed by the North Carolina Department of Motor Vehicles at the time of registration renewal. However, you must continue to list boats and motors, aircraft, mobile homes, multi-year/permanent tagged vehicles and vehicles which are not registered by the North Carolina Department of Motor Vehicles.

Property Owned by Others in Possession of Taxpayer

If on **Jan. 1** you have in your possession any business machinery, furniture, vending equipment, game machines, postage meters or any other equipment which is loaned, leased or otherwise held and not owned by you, a complete description, ownership based on the lease/rental agreements, year acquired, and cost of the property should be reported. This information is for the office use only. Assessments may be made to the owner/lessor. If there is a financial agreement, capital lease or a buyout at the end of the lease, it needs to be listed by the lessee.
