# **CUMBERLAND COUNTY COMMUNITY DEVELOPMENT CONSOLIDATED PLAN**

## **EXECUTIVE SUMMARY**

### **Background**

The Consolidated Plan is intended to assist Cumberland County in developing a collaborative process to establish a unified vision for community development actions. The Plan enables the County to view its HUD programs, not as isolated tools to solve narrow problems, but rather as an invitation to embrace a comprehensive vision of housing and community development. The Consolidated Plan serves four separate, but integrated, functions:

- A planning document for the County that is developed with participation from the community's local government municipalities, public and private agencies, as well as the general public;
- An application for federal funds under HUD's entitlement grant programs:
  - Community Development Block Grant (CDBG),
  - Home Investment Partnership Act (HOME),
  - Emergency Shelter Grant (ESG), and
  - Housing Opportunities for Persons with AIDS (HOPWA);
- A strategic plan to be followed in carrying out housing and community development programs; and
- An annual action plan that provides a basis for assessing the County's performance.

Cumberland County is the recipient of entitlement funds from the Community Development Block Grant (CDBG) and Home Investment Partnership Act (HOME) programs. The Cumberland County Community Development Department (CCCD) is the lead agency responsible for compiling and implementing the Consolidated Plan for Cumberland County.

### **Methodology**

The Consolidated Planning process began in the late fall of 2009 and ran through early spring 2010. During this process, a review was conducted of the community's housing market and services/facilities currently available. CCCD staff also sought input from both public and private agencies as well as the general public to assist in determining priority needs in the community. From these resources, CCCD staff established priority needs that will be addressed with the County's entitlement funds.

### **Priority Needs**

Based on agency surveys and interviews, citizen surveys and community meetings, the following responses were noted priority needs:

### **Priorities Identified - Housing & Homeless Needs Assessment**

#### **Housing Needs**

- **Expand Affordable Housing Choice**
  - Options to assist in the area of affordable rental housing as more than 48% of residents are rent burdened (paying 30% or more of their income on rent alone)
  - Options to assist with single family homeownership as much of the housing for sale, even at the lower end, is priced beyond the means of lower-income families with average cost of a new home at \$200,718.
- **Education on Affordable Mortgage Lending and Fair Housing Practices**
  - Need for distribution of educational materials on predatory lending to vulnerable groups, including minorities and seniors.
  - Conduct an education and outreach campaign targeting housing providers and consumers using multiple media vehicles in English, Spanish, and other major languages common to Cumberland County and the City of Fayetteville residents.
- **Land Use and Zoning Revisions** - The County should consider adopting:
  - Reasonable accommodation zoning

As a result of information obtained from citizen and agency surveys, public meetings, and mandatory consultations with community agencies, CCCD will address the following priority needs during the next five years:

<b>Cumberland County Community Development Priority Needs</b>
1. Affordable Housing
2. Employment Services/Job Training
3. Human Services (specifically health care and homeless services)
4. Services for the Disabled
5. Water & Sewer Improvements

## **THE FIVE YEAR CONSOLIDATED PLAN**

Cumberland County's Consolidated Plan covers actions that will be taken to address priority needs in the community between July 1, 2010 and June 30, 2015. From identified priority needs, CCCD has developed specific goals and strategies that will be undertaken using the County's CDBG and HOME entitlement funds. The goals/objectives identified will fall in the categories of housing, homelessness, and non-housing community development.

### **I. MANAGING THE PROCESS**

#### **A. Lead Agency**

The Community Development Department serves as the lead agency responsible for preparation and submission of the Consolidated Plan and will administer all programs covered in the Consolidated Plan.

## B. Consultation/Coordination

Cumberland County's 2010 Consolidated Plan was prepared by the Community Development Department through the solicitation and consultation with other agencies providing services in the community. To the extent possible, the following steps were taken to solicit input from local agencies.

1. Local Jurisdictions. To assess the impact of needs and activities to be addressed in the Consolidated Plan, the Community Development Department consulted with all municipalities within its geographic area. The geographic area is comprised of the Towns of Eastover, Falcon, Godwin, Hope Mills, Linden, Spring Lake, Stedman, Wade and the unincorporated areas of the County. Letters outlining the consolidated planning process and requesting meetings were sent to each locality. Meetings were held with the municipal leader (or his/her designee) for each town within the geographic area.

The City of Fayetteville is also an entitlement jurisdiction located within Cumberland County. As such, this agency is also required to conduct its own consolidated planning process regarding the needs within the city limits of Fayetteville.

2. Public Housing Authority. Community Development staff met with the Fayetteville Metropolitan Housing Authority (FMHA) on February 16, 2010. FMHA staff assisted in verifying and updating information regarding its current housing stock and Section 8 Program as well as future plans. FMHA conducts its own 5-year plan that addresses the needs of the public housing authority – in particular upgrades of current facilities. Future plans include:
- Replacing the community center building in the Old Wilmington Road community that was demolished as a part of a HOPE VI revitalization project;
  - Revitalization of the Grove View community will be included in the next 5 year plan;
  - Pursuing tax credit funding for future mixed use units.

Additional issues discussed include:

- Section 8 Vouchers – Currently have approximately 1,600 vouchers, however will see reduction to approximately 1,500 due to funding reductions. There are currently 357 on waiting list – not accepting new applicants at this time. However, community will receive 20 additional Section 8 vouchers specifically for veterans.
- Public Housing Units – Currently have 1,045 units (24 units are completely Section 504 compliant). Number of public housing units will be reduced to 796 after HOPE VI revitalization. Waiting time for public housing units currently takes about 6-8 months.
- Scattered Site Housing – FMHA owns 124 scattered site housing units – these are not Section 8 voucher units. Must be current resident in good standing for a least 1 year before approved for scattered site housing. Rent is structured on a flat rate based on bedroom size. These residents are often good candidates for homeownership.
- Homeless – There is currently no emergency housing or a preference for the homeless. Homeless individuals are worked into the system just as other citizens needing housing. Obstacles to assisting homeless individuals include:
  - Failure to have proper identification documents and birth certificates in order to apply for housing;
  - Criminal history such as felonies or current drug abuse prohibit their entry (per HUD mandates);
  - Need for continued case management to help resolve issues that resulted in homelessness. Often those same issues lead to their eviction. All residents evicted are referred to Legal Aide for consultation.

**Identified Needs include:**

- Funding for security deposits and utilities to assist applicants;
- Additional affordable housing units;
- Funding for legal representation to assist persons with felonies obtain affordable housing;
- Funding for advocates to assist people with old criminal records move into affordable housing.

3. Department of Social Services. Community Development staff met with

Cumberland County Department of Social Services (DSS) March 3, 2010. DSS staff expressed needs in the following areas:

**Identified Needs:**

- Adult Services
    - Gap in services for customers that do not fit adult care home facility (40 to 60 years old)
    - Guardian issues for people who are incompetent
  - Children Services
    - Currently there are 30-100 children about to age out of foster care. Need housing and supportive services around money management
    - Job skills/readiness training to equip youth with ability to pay for housing
    - Lack of parenting skills and general life skills are needed as well as housing
    - Childcare assistance currently has waiting list of at least 2,000 children. No homeless preference - priorities slots are for Work First parents (those seeking employment or employed full-time and child protective services (CPS) cases).
  - Faith Team
    - Seeking agencies to serve as mentors to families
    - Funding resources to assist faith based organization build homeless facilities
  - General – Services for mentally disabled adults that are falling thru the cracks (i.e. do not qualify for Medicaid or medicare).
4. Health Department. Community Development staff met with Cumberland County Health Department February 4, 2010. DSS staff expressed needs in the following areas:
- Primary Care
    - New patients are not being accepted due to lack of funding
    - Services for clients with chronic conditions

Since many areas outside the city limits of Fayetteville are without public sewer systems, inquiry regarding the number of failures netted the following results:

- Septic failures/repairs requires – 454 over the past 26 months
- \*\*Information on contaminated wells is pending.

Due to a high percentage of the County's housing stock based on age having the potential of lead-based paint hazards, staff also inquired about the number of lead poisoning cases in small children. Health Department staff estimate that the number of cases of children reported with elevated blood levels total less than five (5) each year.

5. Mental Health Department. Community Development staff met with Cumberland County Local Management Entity (Mental Health Department)

February 2, 2010. Mental Health staff Consultants contracted by the City of Fayetteville and Cumberland County met with a representative from the Mental Health Department. The following needs were expressed needs in the following areas:

- Lack of services for children between the age of 16 and 21 who have aged out of the foster care system.
- There are problems helping children transition out of foster care. Plenty of assistance while the consumer is foster care age, but no assistance once they “age out”. Those individuals are technical adults but still need guidance.
- Shelters that can house children with mental illness.
- Decent safe housing for those with disabilities (both mental and physical).
- Transportation to take adults from home to services (i.e. appointments for mental health, substance abuse treatment group meetings, and other treatment)
- Medical assistance – funds to pay for lab work to determine if mental health medication levels are within limits and ensure medication is working correctly.
- Childcare/summer camps need staff training so that autistic children can participate. Services are limited for children in this category due to their mental disability.
- Transitional housing for single women and women and children
- Agencies that provide inpatient substance abuse treatment as “no show” rate is often high; particularly for substance Abuse Intensive Outpatient Treatment.<sup>1</sup>

<sup>1</sup> Excerpt from Cumberland local Management Entity Community Assessment of Service Needs, Service Gaps and Provider Capacity – March 2009.)

6. Planning Department. Community Development staff met with the Cumberland County Planning Department February 12, 2010. Planning staff expressed needs in the following areas:
  - Drainage issues in the area east of the Cape Fear River
  - The Town of Stedman's main canal is blocked

Planning Department currently administers transportation program to assist rural elderly residents with transportation to medical appointments and shopping trips. CD and Planning staff will further discuss possibility of partnership to fund transportation needs for homeless, disabled, and elderly citizens.

7. Workforce Development. Community Development staff met with the Cumberland County Workforce Development Department March 5, 2010. Staff discussed the following:
  - Workforce Development can provide the following for those in their program:
    - Employment training
    - Rent assistance
    - Transportation (travel reimbursement to attend training, etc.)
    - Funds for tuition, books, supplies, permits, licenses, or equipment necessary for training program.
  - Program length is based on each applicants needs (no maximum time limit)

Agency does not collect data on the number of homeless individuals that come

through its program. However, would be willing to consider future ways that it could partner with CCCD to better serve the needs of Cumberland County residents.

8. Other Agencies, Groups, and Organizations. Community Development staff developed a survey to be distributed to local non-profit groups and agencies. The purpose of the survey was two-fold. It served as a means of identifying the services that are currently available in the community as well as the specific needs of the community. Letters outlining the consolidated planning process as well as the survey were sent to the following agencies in the community:

### C. Institutional Structure

Cumberland County, through its Community Development Department, will monitor the use of entitlement grant program funding as provided by the U.S. Department of Housing and Urban Development for the purpose of implementing and assessing this five-year strategy and action plans. At the time of this submission, Cumberland County is unaware of any gaps in its institutional structure that would impair its ability to effectively carry out this plan and annual action plans.

Cumberland County, as specified in this plan, subcontracts with area non-profit organizations, serves as lead entity for certain Supportive Housing Programs, and is represented on various boards and committees that undertake some of the program aspects of this plan. As funds are limited and as program source guidelines dictate, networking by the County is vital to the depth and effectiveness of executing overall housing and community development strategies.

### D. Citizen Participation

To ensure that all citizens are afforded the opportunity to participate in the process of planning the Consolidated Plan and Annual Action Plan, Community Development conducted several public meetings, public hearings, and distributed surveys throughout Cumberland County to solicit input from the citizens to find out the needs of the community.

1. Public Meetings. Community Development conducted six public meetings during the month of January (2010) to inform the citizens about the five-year Consolidated Plan and to solicit input from the citizens. In order to ensure that all areas of the County had an opportunity and access to attend the public meetings, locations were selected from various sections of the County. Public Meetings were held at the following locations:

Hope Mills Community Center	January 19, 2010
Pine Forest Recreation Center	January 21, 2010
Spring Lake Community Center	January 26, 2010
Eastover Recreation Center	January 28, 2010

2. Public Hearing.  
The a Public Hearing before the Board of County Commissioners will be held on April 19, 2010 in the Commissioners Meeting Room, at the County Courthouse, 117 Dick Street. The hearing will start at 6:45 p.m. The presentation will include any citizens' comments received regarding the 2010 consolidated planning process.
3. Citizen Surveys. As an additional means of obtaining citizen input into the planning process, Community Development staff developed a citizen survey that was distributed in the following manner:

## Citizen Survey Distribution Methods

## II. **STRATEGIC PLAN**

### A. **Time Period**

Cumberland County's 5-Year Plan will cover the period July 1, 2010 through June 30, 2015 and the Annual Action Plan will cover the period July 1, 2010 through June 30, 2011.

## **Priorities Needs Analysis and Strategies**

### **1. Homeless Population**

Cumberland County addresses the needs of the homeless through a continuum of care system as prescribed by the Department of Housing and Urban Development (HUD). The Cumberland county Continuum of Care is an on-going process in which service providers in the community develop and plan strategies to address the various issues that affect the homeless population. The service area of the continuum includes the entire county, including the areas within the city limits of Fayetteville. The lead entity for the homeless continuum of care efforts in community is the Fayetteville – Cumberland County Continuum of Care Planning Council (COCPC).

HUD mandates that each continuum of care conduct a point in time count of the homeless individuals in it community on an annual basis. Based on the 2010 Point in Time (PiT)Survey (conducted January 27, 2010), 1,033 homeless individuals were identified in the community. However, it should be noted that the Point in Time Survey is only a snapshot of

homeless persons identified during a 24 hour period and the numbers identified are attributed to the extent of volunteers available to conduct the count. The results of 2010 PiT on shown on the following table.

2010 Point in Time Survey Results – Fayetteville/ Cumberland County CoC (HUD Table 2A)

The needs of the homeless can only be met by having viable agencies and citizen groups available to provide housing and services. The following charts from the 2009 HUD Housing Inventory Charts submitted to HUD on behalf of the COCPC provide an inventory of the current housing available within the continuum of care for the homeless.

The County will continue to partner with the COCPC, the City of Fayetteville and other community agencies to implement the community's 10 Year Plan to End Homelessness (The 10-Year Plan). The 10 Year Plan, adopted by the Board of County Commissioners October 20, 2008, addresses the following the 10 priority areas:

- **Priority 1: Community Awareness and Education Campaign**  
*Goal:* To change the face of homelessness in the community from that of the panhandler on the street to a more sympathetic icon that brings citizens into the support network.
- **Priority 2: Lobby Congress for special appropriations to assist homeless veterans (and the homeless population in general)**  
*Goal:* To have dedicated funding by Congress for homeless assistance to veterans (and other homeless populations) added to the City and County legislative agenda.
- **Priority 3: Identify additional funding sources for local programs**  
*Goal:* Increase available funding for local homeless service/housing providers
- **Priority 4: Create a day resource center**  
*Goal:* Provide opportunity for homeless to access needed services and avoid duplication of effort.
- **Priority 5: Establish Childcare Subsidy for Homeless Families**  
*Goal:* Provide opportunity for homeless families to obtain employment.
- **Priority 6: Additional Shelter Space**  
*Goal:* Provide additional shelter to eliminate the number of homeless who spend nights on the street.
- **Priority 7: Transportation**  
*Goal:* Increase transportation options for the homeless.
- **Priority 8: Family Reunification Program**  
*Goal:* To reunite homeless individuals with family in a permanent housing situation.
- **Priority 9: Development of Additional Affordable Housing Options**  
*Goals:*
  - Provide housing options by creating new permanent housing beds for the homeless (chronic and/or families).

- Increase the percentage of homeless persons remaining in permanent housing over six months.
- Increase the percentage of homeless persons moving from transitional housing to permanent housing.
- Provide the homeless with needed supportive services to remain in permanent housing (such as obtaining employment, education, etc.).

- **Priority 10: Outreach Network**

*Goal:* Expand outreach network to coordinate annual outreach efforts currently being undertaken.

## **Priority Need to be Addressed: Homeless Services**

CCCD will undertake the following actions to address the homeless from 2010-2015:

### **Priority 3: Identify additional funding sources for local programs**

**Goal:** Increase available funding for local homeless service/housing providers

**Objective:** Provide financial stability for local homeless initiatives in order to eliminate potential gaps in services by at least 25% of the Public Services annual allocation from 2010 – 2015.

**Strategy:** During the Request for Proposal period for the Public Service Program, have funding set-aside specifically to serve applications geared towards the homeless population.

### **Priority 9: Development of Additional Affordable Housing Options**

**Goals:**

- 1) Provide housing options by creating new permanent housing beds for the homeless (chronic and/or families).
- 2) Increase the percentage of homeless persons remaining in permanent housing over six months.

**Objectives:**

- 1) Provide 24 additional permanent housing units for homeless veteran households from 2010 -2015 to get them "off the street."
- 2) Provide the 24 homeless veteran households with needed supportive services to remain in permanent housing (such as obtaining employment, education, etc.) from 2010-2015.

**Strategy 1:** During the Request for Proposal period for the Affordable Housing Program, seek viable housing developers to construct housing units for homeless veterans.

## **2. Special Populations**

### **Services for Disabled**

Based on citizen input and agency surveys some of the major concerns identified were housing and services for the disabled.

**Goal 1:** Increase supportive services and activities in Cumberland County for the disabled (mental and physical).

**Objective 1:** Provide funding to programs that will assist at a total of 100 disabled persons between 2010 and 2015.

**Strategy 1:** During the Request for Proposal period for the Public Service Program, give priority to those applications that are geared towards the disabled population.

**Goal 2:** Increase affordable housings opportunities in Cumberland County for the disabled (mental and physical).

**Objective 1:** Provide funding for 24 additional affordable housing units for the disabled between 2010 and 2015.

**Strategy 1:** During the Request for Proposal period for the Affordable Housing Program, seek viable housing developers to construct housing units for the disabled population.

### **3. Housing**

Based on citizen input, agency surveys and the housing needs assessment, the major need identified was affordable housing. Affordable housing encompasses provision of assistance for rental housing development and home ownership initiatives, as well as assistance to homeowners in maintaining housing affordability.

**Goal 1:** Increase the availability and accessibility of decent, safe, and affordable housing in Cumberland County.

**Objective1:** To rehabilitate 125 owner-occupied units and 20 rental units from 2010 to 2015.

**Strategy 1:** Provide low interest loans to leverage private investment in rental rehabilitation projects that create affordable housing units.

**Strategy 2:** Provide low interest rehabilitation loans to homeowners to perform minor to substantial rehabilitation on houses owned and occupied by low income persons.

**Strategy 3:** Provide grants to low income homeowners in need of emergency home repairs.

**Strategy 4:** Identify methods of making rehabilitation more affordable while still meeting minimum safety and quality standards.

**Goal 2:** Increase home ownership opportunities for residents of Cumberland County.

**Objective 1:** Provide assistance to 75 low/moderate income citizens to become first-time home buyers from 2010 to 2015.

**Strategy 1:** Acquire and rehabilitate substandard residential property for resale to first-time home buyers.

**Strategy 2:** Work with for-profit and non-profit developers and CDC's to build infill housing intended for first-time home buyers.

**Strategy 3:** Provide low-income first-time home buyers with down payment and closing cost assistance through deferred and forgivable loans and/or grants.

**Strategy 4:** Provide low-income first-time home buyers with GAP financing to make home loans more affordable.

**Strategy 6:** Provide financial incentives and low-interest loans for developers to build and manage standard affordable rental units with 3 or more bedrooms.

## Lead Based Paint Hazards

Lead is classified as a toxic substance and is known to cause adverse health effects in humans and the environment. In 1978 lead-based paint for residential uses was banned by the Consumer Products Safety Commission. Although lead-based paint was banned, in a deteriorated form it presents a major public health challenge. Deteriorated lead-based paint can take many forms, including chipping, peeling, cracking, or chalking. In these forms lead-based paint may contaminate soil and housing dust which can be ingested by children. Among children, normal hand-to-mouth contact and other activities can result in lead poisoning. In fact today most lead poisoned children are poisoned by lead contaminated dust, generated by deteriorated lead-based paint.

Current statistics for evidence of lead-based paint in the Cumberland County housing stock and cases of lead poisoning are being gathered and will be available in the final plan.

HUD's final rule on lead-based paint, effective September 15, 2000, will have a substantial impact on the County's housing programs. There is the possibility of significantly more funds being required per unit for rehabilitation activities. The County will continue to comply with HUD regulations concerning lead-based paint testing, abatement, and education.

### Age of Housing

Most of the occupied housing in Cumberland County (40.1%) was built between 1980 and 1999. Almost 11.5% of the occupied housing (13,285 units) was built since 2000. Only 12.5% of the housing stock is much older with 14,690 units built prior to 1960; with less than 25% of those built before 1940.

According to the data, rental housing is older than owner-occupied housing, with 14.4% of renter-occupied housing built before 1960 compared to 11.0% of owner-occupied housing. The median year that owner-occupied housing was built is 1971; the median year that rental housing was built is 1969.

Table 1. Age of Housing Stock By Tenure <sup>1</sup>				
Year Built	Owner-Occupied		Renter Occupied	
	Units	Percent	Units	Percent
2000 or Later	7,545	11.0%	5,740	11.7%
1980 to 1999	27,275	39.8%	19,850	40.6%
1960 to 1979	26,150	38.1%	16,265	33.2%
1940 to 1959	6,295	9.2%	5,245	10.7%
1939 to Earlier	1,330	1.9%	1,820	3.7%
Total	68,595	100.0%	48,920	100.0%

According to HUD, lead paint is typically found in homes that were constructed prior to 1978. Based on the table above 48.3% of Cumberland County's housing inventory,

<sup>1</sup> U.S. Department of Commerce, Bureau of the Census (Census 2000 Summary File 3)

in the County outside of the City, was built prior to 1980. Therefore, the probability of finding lead paint in existing residential units is very high. Although, the number lead-based paint poisoning cases in small children reported to the Cumberland County Public Health Department are on average fewer than five (5) cases per year, this may not be indicative of the actual number of units containing lead-based paint hazards.

In an effort to educate and make citizens aware of potential lead-based paint hazards, CCCD will address this issue through the following activities:

**Goal 1:** Alleviate lead-based paint hazards in Cumberland County's housing inventory.

**Objective 1:** Make available educational literature to at least 500 households that may be potentially affected by lead-based paint.

**Strategy 1:** Target neighborhoods in which housing was constructed pre-1978 by distributing door hangers and flyers.

**Strategy 2:** Publish public service announcements through available media outlets on a quarterly basis.

**Strategy 3:** Ensure that all households applying for funds from CCCD's Housing Rehabilitation, Emergency Repair, or First-Time Home Buyer's Programs are given brochures on the hazards of lead-based paint; and

**Strategy 4:** Conduct workshops for new contractor so that they are trained to perform lead hazard control work as required by the Lead Safe Housing Rules.

### **Affirmatively Furthering Fair Housing Choice**

The draft Analysis of Impediments (AI) study was completed in March of 2010 and is available for review in the Cumberland County Community Development Office. The study was a collaborative effort between Cumberland County and the City of Fayetteville Community Development Departments and assisted by a consulting firm, WFN, Inc. The following plan will outline efforts to Affirmatively Further Fair Housing countywide for program year 2010-2015.

### **Geographic Distribution**

The Fayetteville-Cumberland County Human Relations Department has made progress in the elimination of housing discrimination, primarily by the expansion of human relations services to extend to all of Cumberland County.

### **Citizen Participation**

In developing the Consolidated Plan, data was collected through citizen participation. This included: supportive housing providers, CHDO groups and the general public. Data collection also included a housing needs assessment and fair housing surveys.

Citizens were asked to participate in several ways: by completing surveys via internet, completing surveys mailed directly to supportive housing groups and distributed among clientele. Citizens were also invited to community meetings. The aim was to determine what specific concerns they had on the subject of fair housing.

### **Adaptive partnerships**

The newest challenge in inter-agency cooperation is the lack of being able to adapt to the change in departmental structure or monetary resources of partnering agencies. In this era of economic uncertainties, it behooves us as an organization to facilitate the needs of partnering organizations as well as the needs of the greater community at large in order to maximize the potential to reach the people we serve. As we address impediments found in the AI, we will look to evolving our partnerships with grassroots organizations and community agencies. Likewise, the successful partnership between the City and County that resulted in a countywide human relations department should continue. The partnership is an example of City and County agencies working together to affirmatively further fair housing.

### **Summary of Findings and Fair Housing Action Plan**

The Analysis of Impediments study determined the following: "The most substantial impediments to Fair Housing Choice in Cumberland County and the City of Fayetteville result from a combination of both the private and public sector. Transportation issues, lack of affordable rental housing, and an overall lack of general education about citizens' rights as it relates to Fair Housing Choice and its laws, are the overarching impediments."

The inquiries from the citizen participation efforts resulted in the following:

- 1) "58% of all respondents said they were not familiar with the Fair Housing laws. When asked if they knew how to file a Fair Housing report in Cumberland County and the City of Fayetteville, 77% did not know how."
- 2) "Out of a 108 total respondents, 40% said FAST (Fayetteville Area System of Transit) did not offer easy access to Cumberland County & Fayetteville Employers, while 42% said they did not know and 18% agreed that FAST did provide easy transportation access to Cumberland County."
- 3) The AI study also reported that: "Although Cumberland County has relatively low-cost housing, not all groups benefit. Much of the housing for sale, even at the lower end, is priced beyond the means of lower-income families. While rental housing is less expensive, the majority of multi-family housing consists of smaller one- and two-bedroom units."

In our commitment to affirmatively further fair housing, Cumberland County Community Development will implement the following actions to eliminate impediments to fair housing choice during the 2011 – 2015 program years.

➤ ***Issue 1: Continued Need for a Fair Housing Education Campaign County-wide***

**Actions:**

- Use popular media tools such as internet social networking sites to convey ideas and stimulate conversation and awareness as relates to local housing and lending practices
- The Fayetteville-Cumberland Human Relations Department act as Clearing-House to information regarding housing rights
- Develop a county-wide annual fair housing questionnaire to stay current on public attitudes and trends as relates to housing
- Continues distribution of booklets and literature on fair housing
- Continue annual workshops on housing awareness and increase equal housing training through agency partners
- Require all HOME funds recipients, particularly property managers and housing intake officers to received annual training in fair housing law

➤ ***Issue 2: Affordable Housing will continue to be one of the most important activities in support of expanding fair housing choice.***

**Actions:**

- Increase incentives for CHDO applicants to encourage new development of affordable housing
- Increase Homeowner Assisted units, Multi-Family and Rental Rehab units
- Continued marketing of CCCD's Rental Rehab Program to property owners of dilapidated rental housing
- Targeted marketing to minority populations of the availability of existing affordable housing units

***Issue 3: Increase Availability of Public Transportation as an option***

**Actions:**

- Explore options with county officials on ways to offer shuttles in rural services in rural regions to bus routes

**Fair Housing Administration**

In addition to the duties outlined in the above Fair Housing Action Plan, the Fair Housing Specialist serves as a liaison to the Fayetteville-Cumberland Human Relations Commission and the Fayetteville Fair Housing Board.

**Program Specific Requirements**

Cumberland County Community Development has an approved Affirmative Marketing Policy. To ensure ongoing programmatic compliance, policy updates were approved by the Board of County Commissioners April 20, 2009.

**Affirmatively Furthering Fair Housing Certification**

The jurisdiction will affirmatively further fair housing choice, which means it has conducted an analysis of impediments to fair housing choice within the jurisdiction, taken appropriate actions to overcome the effects of any impediments identified through that analysis, and maintained records reflecting that analysis and actions in this regard.

### **Section 3 / MWBE Narrative**

Cumberland County, NC ensures that it follows the requirements for Section 3 and MWBE as outlined in its Affirmative Contracting / MWBE Policy. Please refer to Appendix G for a copy of the current Affirmative Contracting / MWBE Policy.

## **4. Community Development**

Based on citizen input, agency surveys, and the mandatory consultations, some of the major non-housing community development concerns identified were employment services/job training and water & sewer improvements.

### **Economic Development**

**Goal 1:** Improve self-sufficiency for Cumberland County residents by increasing the number of new private sector full time permanent jobs, available to, or taken by, low and moderate income persons.

**Objective 1:** Creation of 25 new full-time permanent jobs for low/moderate residents of Cumberland County from 2010-2015.

**Strategy 1:** Give priority to businesses that create jobs with wages that lift people out of poverty and create jobs at entry level wages which have a definite plan for employee advancement.

**Objective 2:** Assist 25 individuals with job training or enhanced job skills from 2010 - 2015.

**Strategy 1:** Partner with area colleges/universities, Workforce Development, and local non-profit organizations to provide job skills courses and other services needed to obtain employment.

### **Human Service Needs**

**Goal 1:** Maximize use, coordination, and delivery of human services.

**Objective 1:** Work with human services agencies to maximize use, coordination and delivery of human services for 5000 residents, with a priority given to agencies providing health care services and services to the homeless from 2010-2015.

**Strategy 1:** Give priority funding to agencies proposing projects that address health care needs and services to the homeless.

**Strategy 2:** Support projects which identify gaps in services or barriers to existing services and who convert these problems to positive solutions.

### **Public Improvements**

**Goal 1:** To make public water and sewer facilities available to low to moderate income neighborhoods located within our participating jurisdiction.

**Objective1:** Make public water/sewer available to 3 low to moderate income neighborhoods from 2010-2015.

**Strategy 1:** Coordinate with the Cumberland County Public Utilities Department to provide funding when feasible for water/sewer improvements.

## **B. Anti-Poverty Strategy**

In evaluating the priority needs established for this document, it is evident that our deficiencies in the areas of housing and services for low and moderate income persons contribute to the poverty and overall economic health of our community. While permanent solutions are long-range, we must continue ongoing coordinated efforts to reach the goal of an economically healthy and viable community.

Affordable rental and homeownership opportunities must be developed to alleviate rent burdens and promote affordable purchase options for the economically disadvantaged. In the ever changing business arena, job training is a must for skills improvement for individuals, and to offer relocating companies a well-trained and knowledgeable workforce. Relevant social services, better education, and health care services for the indigent who live in Cumberland County are also issues that must be components of comprehensive community and economic development planning.

## **CUMBERLAND COUNTY COMMUNITY DEVELOPMENT 2010 ANNUAL ACTION PLAN**

---

### **A. PURPOSE**

Cumberland County Community Development's Annual Action Plan provides a narrative description of the projects and activities that are expected to be implemented and funded with entitlement funding that Cumberland County Community Development will receive from the United States Department of Housing and Urban Development for the 2010 Program Year. The projects described on the following pages will be provided by Community Development with Community Development Block Grant (CDBG) and Home Investment Partnership Act (HOME) entitlement funds.

The 2010 Annual Action Plan strives to reflect the County's continued efforts and commitment to address Affordable Housing issues, public facility and infrastructure improvements, and the provision of homeless services as a part of the Continuum of Care for the residents of Cumberland County. Additionally, Cumberland County will continue to undertake specific actions in order to address the National Objectives outlined by the U.S. Department of Housing and Urban Development by providing for increased activity involving resident initiatives, evaluation and reduction of lead-based paint hazards, increased employment opportunities, the further development of community based institutional facilities and the enhancement of coordination between public and private housing and human service agencies.

### **B. GEOGRAPHIC DISTRIBUTION**

The Towns of Eastover, Falcon, Godwin, Hope Mills, Linden, Spring Lake, Stedman, and Wade have all elected to remain parties to Cumberland County's designation as an Urban County. All of the programs described on the following pages, with the exception of certain Public Service and Supportive Housing Program projects, will be accomplished in one of these municipal areas of the County.

Community Development Block Grant, Home Investment Partnership Act Funds, local sources match, and program income will be used to address priority needs identified in the Consolidated Plan by conducting the following eligible activities:

## **D. DESCRIPTION OF PROJECTS**

### **1. HOUSING ACTIVITIES:**

- a. **Housing Rehabilitation Program - Housing Goal 1, Housing Strategies 1.1, 1.2, and 1.4; Housing Goal 2, Housing Strategy 2.1; Housing Goal 3, Housing Strategy 3.1 - CDBG: \$423,996. National Objective: Low/Mod Housing, Eligibility Citation: 24 CFR Part 570.202; HOME: \$405,777. Eligibility Citation: 24 CFR Part 92.205(a)(1);**

**1) Owner-Occupied Rehabilitation:** This program will address housing repair needs of households whose annual income is at or below 80% of the median income for Cumberland County based on household size (\$51,600 for a family of four). The types of repairs to be addressed are those items that do not meet Minimum Housing Code Standards, and general property improvements. All Housing Rehabilitation Program funds will be in the form of loans with repayment obligations determined by the applicant's ability to meet additional financial obligations. Applicants may qualify for a deferred, forgivable loan with a note rate of 3% for 15 years. Forgiveness begins on the 6<sup>th</sup> anniversary and each year thereafter over the 15-year term. Applications for this program are accepted on an on-going basis.

**2) Rental Rehabilitation (Investor-Owner):** Property owners with 10 or fewer units are able to access low-interest housing rehabilitation loans for rental property. The types of repairs to be addressed are those items that do not meet Minimum Housing Code Standards and general property improvements. All funds are in the form of a loan with terms of 3% amortized over 15 years or 5% amortized over 30 years. Property owners are required to lease to renters with incomes at or below 80% of the median income for Cumberland County for a minimum 3-year period.

**3. Purchase/ Rehab / Resale:** This program establishes a mechanism that may be used to acquire properties for future development as affordable housing. The objectives of the of the program are to remove blighting conditions in low and moderate income neighborhoods, increase the county's stock of standard affordable housing units, increase the county's tax base, and create homeownership opportunities for first-time homebuyers. Properties will be acquired through donation, deed and tax sales, the foreclosure of government liens, and through private purchases. Community Development will acquire substandard single-family units, rehabilitate the units to meet Community Development Rehabilitation Standards, and then sell the units to income eligible first-time homebuyers. Community Development may also acquire vacant lots or substandard units not suitable for rehabilitation for demolition. This will allow the Department to take advantage of infill housing opportunities to further stabilize and strengthen our low and moderate-income neighborhoods through homeownership

- b. **Housing Rehabilitation Emergency Repair Program. Housing Goal 1, Housing Strategy 1.3 - CDBG: \$50,000, National Objective: Low/Mod Housing, Eligibility Citation: 24 CFR Part**

**570.202.**

This program will address immediate health and safety risks for residents with an annual household income that is at or below 80% of the median income for Cumberland County based on household size (\$51,600 for a family of four). Each project will have a maximum of \$7,500 per housing unit. Applications for this program are accepted on an on-going basis.

- c. **New Construction (Affordable Housing Program) Priority Need: Affordable Housing, Housing Goal 3, Housing Strategies 3.2, 3.3, 3.4, 3.5 and 3.6 - HOME: \$200,000, Eligibility Citation: 24 CFR Part 92.205(a)(1).**

This program provides funds to local housing providers to assist with acquisition, rehabilitation and/or construction costs of an affordable housing development for low/moderate income residents.

**Southview Villas II (\$400,000\*)** – This is an affordable rental housing project for families that will consist of 64 two and three bedroom units with rents targeted to residents whose incomes fall between 40%-60% of the area median income. The project will be located in Hope Mills.

**Freedom Ridge (\$325,000\*)** – This is a transitional housing project consisting of 24 efficiency units for homeless veterans.

\*Funding for these projects will be phased over the next 3 program years.

- d. **Homeownership Assistance (The First Time Home Buyer Program). Priority Need: Affordable Housing; Housing Goal 2, Housing Strategies 2.3, 2.4, 2.6, 2.7, and 2.8 - HOME: \$35,000. Eligibility Citation: 24 CFR Part 92.205(a)(1).**

**1) Down Payment/Closing Costs Assistance.** This program coordinates with local financial institutions in order to provide up to \$10,000 to first time home buyers for down payment and/or closing costs. Applicants must meet income requirements (earning no more than 80% of the median income) as well as attend a class on homeownership. All assistance is in the form of a deferred, forgivable loan with forgiveness beginning in the 61<sup>st</sup> month and on each anniversary thereafter over a 15-year term.

**2) Gap Financing.** CCCD will continue to offer Gap financing assistance to very low and low income residents seeking homeownership. The amount of assistance that can be provided will not exceed \$20,000 per applicant. Such assistance will be used as a subsidy to make up the difference between the market value of the property and the sales price that is affordable to the purchaser. Gap Financing Assistance shall be in the form of a first, second, or third mortgage (whichever is applicable) for a term of thirty (30) years. All assistance is in the form of a deferred, forgivable loan with forgiveness beginning in the 61<sup>st</sup> month and on each anniversary thereafter over a 30-year term

**GENERAL PROGRAM GUIDELINES**

**Principal Residence:** The property must be occupied by the homebuyer and retained as the principal residence by the owners for the full period of affordability, which is contingent upon the amount of per unit subsidy received and may be 5, 10, or 15 years (20 if new construction). The property owner agrees to allow Cumberland County Community Development to verify principle residence status annually. Homeowner agrees to provide Community Development with a written certification of residence status to become a permanent part of the applicant file. Subletting or renting is not permitted.

**Refinance:** During the period of affordability, a homebuyer will not be permitted to refinance the property without the approval of Cumberland County Community Development, nor will the department agree to a subordination of its lien interest at any time.

**Recapture Provision:** All units receiving HOME Program subsidies are required to comply with a

designated affordability period as described above. CCCD can ensure continued affordability through the recapture of its initial investment (plus interest, if debt is structured to be repaid with interest). The proceeds will be reprogrammed and used for other HOME eligible activities (i.e., assisting another eligible homebuyer in obtaining a home). Once the HOME funds are repaid, the property is no longer subject to the affordability requirements.

CCCD will make every effort to preserve affordability and avoid project default; however, in the event of a foreclosure, a transfer in lieu of foreclosure, or an assignment to HUD, the PJ must repay the HOME account. If the ownership of the housing is conveyed pursuant to a foreclosure sale, the amount of recapture due will be only the net proceeds from the sale. The recapture provisions and period of affordability on each HOME-assisted unit are enforced through the deed restrictions that are recorded as a part of each real estate closing.

**Homeownership Counseling:** As a requirement of the CCCD First-time Homebuyers Program, applicants are required to successfully complete a First-time Homebuyers Class prior to being awarded community development funding. CCCD contracts with a local agency qualified to provide homeownership education classes. The following services are included in the scope of services of the contract:

- Provide monthly homeownership education workshops
- Coordinate all preparation of the workshops, including advertising
- Conduct the workshop with certified housing counselors
- Provide evaluations of workshop effectiveness

**Marketing:** In keeping with special outreach activities outlined in CCCD's Affirmative Fair Housing Marketing Plan, certain marketing efforts (i.e. direct mailings, postings on community bulletins, PSA's, coordination with the Fayetteville Area Metropolitan Housing Authority and the Fayetteville Apartment Association, etc.) will be undertaken to ensure that residents and tenants of public and manufactured housing, and other families assisted by public housing agencies, are aware of the ADDI program.

e. **Community Housing Development Organization (CHDO) Set-Aside. Priority Need: Affordable Housing; Housing Goal 2, Housing Strategy 2.1, 2.2, and 2.5; Housing Goal 3, Housing Strategy 3.1, 3.2, and 3.5 - HOME: \$101,155. Eligibility Citation: 24 CFR Part 92.300**

Federal regulations require that 15% of the HOME entitlement funds be set-aside for affordable housing development by CHDOs. In order to be designated a CHDO, a non-profit organization must meet the qualifying criteria as established by HUD. CCCD continues to meet and seek qualified organizations to identify possible CHDOs.

f. **Housing Project Delivery Costs** – CCCD staff and overhead costs directly related to carrying out housing projects, such as work specifications preparation, loan processing, inspections, and other services related to assisting potential owners, tenants, and homebuyers. Staff and overhead costs directly related to providing advisory and other relocation services to persons displaced by the project, including timely written notices to occupants, referrals to comparable and suitable replacement property, property inspections, counseling and other assistance necessary to minimize hardship.

### 5. COMPETITIVE GRANTS

**Source: Supportive Housing Program (SHP) Amount \$84,134**

The Supportive Housing Program grant funds will be used specifically to continue the implementation of several projects as a part of the Continuum of Care process for Cumberland County. Those projects include the operation of the following projects:

<u>Project</u>	<u>Project Sponsor</u>	<u>Activity</u>
ROBIN'S MEADOW	Fayetteville Metropolitan Housing Authority	12 unit transitional housing with supportive services for homeless families

AMOUNT AWARDED: \$84,134

## **D. GEOGRAPHIC DISTRIBUTION**

The towns of Eastover, Falcon, Godwin, Hope Mills, Linden, Spring Lake, Stedman, and Wade have all elected to be party to Cumberland County's designation as an Urban County. All of the programs described on the preceding pages, with the exception of certain Public Service Programs and Supportive Housing Program projects, will be accomplished in one of these municipal areas or the unincorporated areas of the County.

## **E. NEEDS OF PUBLIC HOUSING**

Based on consultation with the Fayetteville Metropolitan Housing Authority (FMHA) during the consolidated planning process, the majority of public housing developments are located outside of Cumberland County's geographic area. The only public housing properties located within our jurisdiction are scattered site single-family housing units used as a part of FMHA's Section 8 Program. The FMHA is not designated as "troubled." During the 2010 Program Year, CCCD plans to expand its marketing and outreach efforts to include coordination with the FMHA to make presentations to public housing/Section 8 program residents, specifically related to the First-time Homebuyers Program.

## **F. ANTI-POVERTY STRATEGY**

In evaluating the priority needs established for this document, it is evident that our deficiencies in the areas of housing and services for low and moderate income persons contribute to the poverty and overall economic health of our community. While permanent solutions are long-range, we must continue ongoing coordinated efforts to reach the goal of an economically healthy and viable community.

Affordable rental and homeownership opportunities must be developed to alleviate rent burdens and promote affordable purchase options for the economically disadvantaged. In the ever changing business arena, job training is a must for skills improvement for individuals, and to offer relocating companies a well-trained and knowledgeable workforce. Relevant social services, better education, and health care services for the indigent who live in Cumberland County are also issues that must be components of comprehensive community and economic development planning.

The County's 2010-2011 Annual Action Plan addresses poverty issues throughout all sections of the plan. The Goals, Objectives, and Strategies in the plan were developed based on the results of citizen and agency surveys as well as consultations with local health, social service, and public housing agencies. Concerns of the poorest members of our community were considered throughout the development of the plan and are an integral part of the plan itself. Refer to Section B above for relevant goals, objectives, and strategies.

## **G. LEAD-BASED PAINT HAZARDS**

In an effort to educate and make citizens aware of potential lead-based paint hazards, CCCD will address this issue through the following activities:

**Goal 1:** Alleviate lead-based paint hazards in Cumberland County's housing inventory.

**Objective 1:** Make available educational literature to at least 500 households that may be potentially affected by lead-based paint.

**Strategy 1:** Target neighborhoods in which housing was constructed pre-1978 by distributing door hangers and flyers.

**Strategy 2:** Publish public service announcements through available media outlets on a quarterly basis.

**Strategy 3:** Ensure that all households applying for funds from CCCD's Housing Rehabilitation, Emergency Repair, or First-Time Home Buyer's Programs are given brochures on the hazards of lead-based paint; and

**Strategy 4:** Conduct workshops for new contractor so that they are trained to perform lead hazard control work as required by the Lead Safe Housing Rules.

## **H. OTHER ACTIONS**

The following additional actions are projected to be undertaken by Cumberland County Community Development during the 2010-2011 Program year:

### **1. Development of Institutional Structure**

- There is still an under supply of seasoned non-profit housing development organizations in Cumberland County that have hands-on experience in real estate development. A small number of private for profit developers are active in the local low -income housing tax credit market. In order, however, for Cumberland County to make advances in affordable housing, it must nurture the growth and development of non-profit developers that can access the full range of State, Federal and other subsidies needed to finance affordable housing. Non-profit organizations must develop the necessary background and experience in real estate development and affordable housing finance in order to serve the housing needs of Cumberland County over the long term.
- Cumberland County Community Development will continue to provide technical assistance to non-profit agencies through staff and the use of technical assistance funding provided by HUD.

## **2. Foster and Maintain Affordable Housing**

- Offer affordable mortgage products through the Downpayment Assistance Program (DAP) and the Gap Assistance Program (GAP).
- Partner with local lenders and the U.S. Department of Agriculture Rural Development to maximize the use of HOME funds for the Homebuyers Program.
- To preserve affordable rental housing, offer low interest loans for rehabilitation of rental property through the Rental Rehabilitation Program.
- Seek eligible organizations for designation as Community Housing Development Organizations (CHDOs) to increase the production and supply of affordable housing.
- Low interest loans for non-profit and for-profit developers to build affordable rental and homeownership units.

## **2. Remove Barriers to Affordable Housing**

- Interagency partnership and coordination with Kingdom CDC and the NC Department of Labor through the Cumberland County Individual Development Account (CCIDA) Program will provide clientele with education and counseling services designed to remove barriers and make homeownership a reality for low-income families.
- Interagency partnership to provide homebuyer counseling will provide increased knowledge and resources for low to moderate-income citizens seeking to purchase a home.
- Unemployment in Cumberland County is on the rise and for those who are employed, many households in the community work for low wages, which limits their housing choices and their ability to maintain their housing. Community Development will provide economic development funds, specifically geared toward job creation, to help attract higher paying industry to Cumberland County. We will continue to work with local companies as well as County Management and the other area economic development agencies in developing incentive packages to attract business to the area.
- Lack of adequate infrastructure greatly impacts the type and location of development in Cumberland County. With the use of CDBG funds, Community Development will work with the County Public Utilities Department to identify low- and moderate- income areas that may be assisted with installation of water and sewer facilities.

## I. MONITORING

The County of Cumberland will continue to improve its established monitoring system of CDBG, HOME, and SHP housing and community development activities to ensure both short-term and long-term contract and regulatory compliance. Monitoring is the responsibility of the Cumberland County Community Development Department.

### 3. Subrecipient Projects:

Monitoring of sub-recipient projects has five major components:

- a. Grant Applications: Requests for funding application is made on a standard form and is carefully reviewed and evaluated. Points are given for each of 19 criteria covering community need, program effectiveness, financial record, and capacity. Recommendations for funding are based on evaluation of the above criteria.
  - b. Contractual Agreements: Cumberland County Community Development enters into a two-part contractual grant agreement with each sub-recipient. Part I of the agreement describes the tasks to be performed with the grant funds, the results to be achieved, and other conditions specific to the project. Part II lists all Federal standards with which the agency must comply. Each funded activity is assigned to the Compliance Officer. The Compliance Officer conducts pre-monitoring, desk monitoring, and on-site monitoring visits at least once a year to review for contractual and regulatory compliance.
  - c. Monitoring Records: For each sub-recipient, the staff maintain monitoring records that include the following:
    - 1) Basic information.
    - 2) Monitoring Plan - A risk assessment is carried out to determine the appropriate frequency of on-site visits, and the areas to be reviewed, including some or all of: financial management, client eligibility, program effectiveness, property, procurement, program income, fair housing and equal opportunity.
    - 3) Sub-recipient training and technical assistance provided.
    - 4) Review of the agency's CPA audit (if required).
    - 5) Quarterly financial reports and monthly draw requests from the sub-recipient.
    - 6) Quarterly programmatic reports.
    - 7) On-site monitoring reports.
    - 8) Correspondence and notes of significant telephone conversations.
2. On-Site Visits: Staff performs on-site monitoring reviews at least annually, depending on the assessment of risks for non-compliance. Program operations are observed, sub-recipient staff interviewed, client eligibility confirmed, and financial and programmatic reports verified from original documentation.

3. Long-Term Compliance: Activities involving real property acquisition or improvement require long-term compliance with the original purpose of the federal assistance. Cumberland County Community Development maintains a CDBG Real Property Inventory that is updated annually, and confirms that such property is still being used for the intended purpose. Cumberland County Community Development also carries out an annual review of HOME-assisted rental units, to ensure compliance with Housing Quality Standards, tenant eligibility, and rent ceilings.

The CCCD staff has developed detailed written guidelines for monitoring sub-recipients to ensure more uniform and comprehensive reviews. CCCD monitors the federally funded projects that are implemented by the department through a simple project tracking and management reporting system. This process includes monthly management reports, frequent inter-departmental reports and meetings, and financial reports. Project expenditures are compared with budgets on a monthly basis.

CCCD relies heavily on standard operating procedures that have been designed to be in compliance with federal standards, for example, its purchasing policy. HUD monitoring and CCCD's Single Audit provide annual independent checks on compliance by both CCCD and sub-recipients.

Justification for Request:

Due to the amount of traffic trying to enter and leave Sherwood Park Elementary School on the major traffic artery of Hope Mills Road/Butternut intersection, the five lanes are too much for one Guard, and the Cumberland County Schools have requested a second Traffic Control Officer.

The Sheriff's Office does not currently have sufficient guards to re-allocate to this new requirement. The CC Schools have stated they do not have funds to reimburse the County for the added expense.

PME & LIFE SAFETY IMPROVEMENTS PROJECT**

**BACKGROUND**

The Board of County Commissioners, at its April 19, 2010 meeting, rejected the bids for the above referenced project and instructed staff to make necessary revisions to the scope of work and re-bid the project. In lieu of single-prime bids from general contractors, separate bids for mechanical, electrical and plumbing (multi-prime) will be received on April 29, 2010. Provided a minimum of three (3) bids for each discipline are received, the bids will be opened, reviewed, and a certified bid tabulation prepared by the project architect. The bid results will be presented to the Board at its May 3, 2010 meeting with a recommendation to award contracts to the lowest responsible bidders.

If there are an insufficient number of bids to open on April 29, 2010, the project will be readvertised and bids taken on May 11, 2010. A recommendation of award of contracts would be presented to the Board at its May 17, 2010 meeting.

SUBJECT: CONSIDERATION OF BIDS FOR CROWN ARENA & THEATER  
PME & LIFE SAFETY IMPROVEMENTS PROJECT

ITEM NO. 3  
May 3, 2010 Agenda  
(Additional Material  
for Item #3)

BACKGROUND

Bids for mechanical, electrical and plumbing construction for the Crown Arena & Theater PME & Life Safety Improvements Project were received on April 29, 2010. Attached is the certified bid tabulation and letter of recommendation of award of contracts prepared by the project architect, LSV Partnership. Base bids for each discipline and a number of alternate bids were received. The low bids are summarized as follows:

Mechanical:	Bass Air Conditioning Co., Inc.	\$1,148,000 (includes Alt M1)
Electrical:	T&H Electrical Corporation	\$1,237,500 (includes Alt E1, E2 & E3)
Plumbing:	Ivey Mechanical Co., LLC	\$ 38,000

The life safety improvements (fire alarm system) are included in the electrical work. The total amount of the bids including all the alternates is \$2,423,500. In addition, a construction contingency of \$242,350 (10%) is recommended for a total project construction budget of \$2,665,850 which is significantly below the construction budget initially established for this project.

RECOMMENDATION/PROPOSED ACTION

The recommendation of the County Engineer, Crown Management, County Manager and LSV Partnership, contingent upon approval from the LGC for the project financing is to:

1. Accept the bids for the Crown Arena & Theater PME & Life Safety Improvements Project.
2. Award contracts to the low bidders as identified above in the amounts indicated.
3. Establish a construction contingency in the amount of \$242,350 to be used for changes in the scope of work recommended by the engineer and approved by the County Manager.
4. Approve the attached budget revision.

The proposed action by the Board of Commissioners is to approve the staff recommendation.
