CONTESTED REZONING CASES

G. Case P01-17. The rezoning of 34.64 acres from R10 to C(P) on Sycamore Drive, east of the Seaboard Coast Line Railroad, owned by Land Associates, Inc.

The Planning Board recommends denial of the rezoning request.

SPEAKERS:

1. Dave Averette – Mr. Averette is one of the five stockholders of this property. They purchased the property in 1986. He wants to rezone 35 acres to the north of the center line of the Hope Mills bypass. At this time there is only one ingress/egress to the property. However once the Bypass comes through another entrance would be established for the shopping center. Mr. Averette noted that the preliminary plans have been approved at the division level. The schedule for the production of the project starts in September, 2001, when rights of way will start to be purchased. The letting of bids on the bypass will take place in September, 2003. The project has been funded. Mr. Averette said the Planning Board was not willing to approve the rezoning at this time, because they seemed unsure that the project and placement of the bypass was final. Mr. Averette noted the infrastructure was in place, i.e., water and sewer. He said if he can get it zoned now and apply for a driveway permit, NCDOT can put the turning lanes in when they design the project. If he waits, then it will cost him more money to get the turning lanes in.

Commissioner Baggett inquired what would be gained by rezoning the property now as opposed to waiting awhile until everyone is sure about the bypass.

Mr. Averette responded the bypass is a sure thing. He reiterated the plans have been drawn and the project has been funded. He noted it will save him money if the turning lanes into the proposed shopping center can be part of the DOT design as opposed to waiting until later to apply for a permit.

Commissioner Baggett inquired about the surety of the bypass. Rick Heicksen, Transportation Planner, County Planning Department, said he was 99% sure the project will go where Mr. Averette says it will go. Mr. Heicksen also said that NCDOT really likes for people to come in early with their plans so NCDOT can include it in their design work.

Barry Warren, Planning Director, noted that the Planning Staff recommended denial because the plans call for residential uses in that area. The Staff looks at what is there now as opposed to what may be there later. He said they would like an opportunity to study the area and come up with good sound reasons as to why the area should be residential or commercial.

In response to a question as to why the Planning Board recommended denial of the rezoning, Mr. John Gillis, Planning board member, stated that even though the project has been approved and has been funded, things can change. He pointed out that if the rezoning is approved and the bypass does not get built, then the only access to the shopping center would be through a subdivision. He said the Planning Board was not willing to take the risk. Mr. Gillis said the Planning Board asked Mr. Averette to defer the case until September, 2001 to see if the State does indeed start purchasing the rights of way. He said once the State purchases the rights of way, the Planning Board would probably feel better about rezoning the property.

Commissioner Blackwell noted that the Board of Commissioners approved rezoning for a case similar to this not too long ago. He noted that Mr. Heicksen said he was 99% sure the project would be built as shown by the plans submitted by Mr. Averette.

Upon finding the request to be reasonable, neither arbitrary or unduly discriminating and in the public interest, and that the property within such proposed district is suitable for all uses permitted by the new classification, the following motion was offered:

MOTION: Commissioner Blackwell moved to rezone to C(P).
SECOND: Commissioner King
DISCUSSION: Commissioner Henley asked if we rezoned the land now, would it increase the cost of the project, i.e., would the State have to pay more because it was zoned commercial as opposed to residential. The County Attorney stated the State pays market value, without regard to any improvements.
VOTE: UNANIMOUS

K. Case P01-38. A Conditional Use Overlay District and Permit to allow a Painting Business in an R10 District at 1054 Strickland Bridge Road, south of Kilmory Drive, .80 acres, owned by Angela B. Nichols.

The Planning Board recommends denial of the Conditional Use Overlay District.

Speakers:

1. Mark Nichols – owner of property. Property currently has a tri-plex. Has made improvements to the property, i.e. lights. Mr. Nichols no longer lives on the property. When he did live there he had a home occupancy permit. Since he no longer lives there, he would like to have the overlay district approved so he can continue his business there. Mr. Nichols owns a painting business. He said they do no paint on site and no paint is stored on the property. Mr. Nichols said there is no visible sign on the property and he will remove any trucks from the property if necessary.
2. Terri Lee – Opposed to the rezoning. Presented a petition in opposition. She said this business does not conform to what is in the area. She noted loud music coming from the property. Ms. Lee said the Nichols' have been in violation of the county ordinance since they owned the property. Strongly opposed.
3. Tracey Spoor – Opposed. Barking dog, truck in and out, loud music. High crime area, concerned this business will make it worse.
4. Angela Nichols – Petitioner. Security lights have been installed. Terri Lee complains no matter what they do. Have turned the area into a beautiful place. Two tenants live in two of the three tri-plexes. She noted her son does sometimes play loud music. Ms. Nichols said they do no painting on site. They get their paint from Sherman Williams and Glidden who have a reclamation system. No paint is stored on site.

Commissioner Baggett expressed concern that this is not a good fit for this neighborhood. However he commended the Nichols for their hard work.

MOTION: Commissioner Baggett moved that the Board of Commissioners fails to find that this conditional use district overlay application is reasonable, neither arbitrary nor unduly discriminatory, and in the public interest, and that it be denied.

ROAD NAME CHANGES

L. Consideration of Renaming Road within the Lake Rim Fire District – From Summerwood Drive to James Berry Road.

Background: A petition was received to consider the renaming of Summerwood Drive (SR 3058) within the Lake Rim Fire District to James Berry Road. Property owners (4) that about the road have been notified. Two have responded in favor; two have not responded at all.

The road was created by plat in Lake Point Place Subdivision and recorded on June 3, 1977.

SPEAKERS:

1. Dexter Knox – Opposed to renaming the road. Parties requesting the name change have misrepresented themselves. There should be some criteria when names of roads are changed. Mr. Barry for whom the road name is proposed to change to never talked to the neighbors.
2. William Brunson – Opposed to name change. Berry's did nothing for the area. Mr. Brunson says he is the one who keeps the entryway clean.

MOTION: Commissioner Edge moved to deny the name change.

SECOND: Commissioner King
VOTE: UNANIMOUS

Following the vote, the Board was made aware there were more speakers. Note: They had signed up to speak on the wrong sheet of paper and therefore were not called during the public hearing. Because the Board wants to give everyone an opportunity to be heard the following motion was made and the other speakers were allowed to present their case.

MOTION: Commissioner Edge moved to reconsider.
SECOND: Commissioner Baggett
VOTE: **FAVOR:** Commissioners Edge, Baggett, Warren, Henley, Blackwell, Council
OPPOSED: Commissioner King

3. Allie Berry – wife of James Berry (deceased). Ms. Berry noted that Mr. Berry was a Vietnam Veteran. She said Mr. Berry fought for Lake Point. She also indicated they tried to take care of the drug problems in the area. She said the people in opposition have a jealous spirit. She asked the Board to approve the renaming.
4. James Berry III – Wants road renamed. He said his Dad was picked on for no reason.
5. Tonia Douglas – Daughter of James Berry. Asked the Board to rename the road. She said no one lives on the street, so it really does not affect anyone. She said the renaming would mean something to their family.

Commissioner Jeannette Council told the Berry family she understood they were proud of their husband and father. However, she noted she did not think it a good idea to change street names once they have been established.

Commissioner Edge said he understood how important Mr. Berry was in the lives of his family. However, he said he did not think it was a good idea to start changing the names of streets.

MOTION: Commissioner Edge moved to deny the renaming of the road.
SECOND: Commissioner King

BACKGROUND: This is a request to consider a six-month renewal of a franchise agreement between Raymond Howard, dba "Scooby's Sandwich Shop", and the County of Cumberland for the purpose of providing food services to staff and visitors of the Mental Health Center facility located at 109 Bradford Avenue in Fayetteville, NC. A three-year franchise was granted to Mr. Howard on June 30, 1998. During the term of the original agreement Scooby's fell into arrears with its commission payments of six percent of the net receipts. The Center agreed to a six month renewal of the franchise to give Scooby's an opportunity to make payments on its arrears as well as remain current in its commission payments. The Center's decision was based on the fact that it is difficult to find a vendor willing to run a business from that facility, due to low customer volume, and Scooby's is making progress on the arrerages in the commission payment.
