A. Approval of minutes for the April 2, 2007 regular meeting.

ACTION: Approve

B. Approval of Report of the Finance Committee.

(1) Request for funding from the Cape Fear Botanical Garden

The Finance Committee recommends that this request be considered as part of the FY2008 budget.

(2) Financing Plan for school projects, a branch library and a new health department building

In order to reduce issuance cost for these projects, Ms. Cannon, recommended that the County get a bank loan this Fall in the amount of \$18-20 million to be repaid in fifteen years, with a no prepayment penalty clause, for the new Grays Creek Middle School.

Ms. Cannon also recommends a COPs issue in February of 2008 to fund the new Western Branch Elementary, the branch library incorporated into the Western Branch Elementary and the new health building. At that time, management will evaluate the financial benefit of refinancing the

bank loan into the COPS issue or maintaining the bank loan. Financing the middle school with a bank loan will reduce the issuance costs and allow flexibility in the financing alternatives.

The Finance Committee received the report – no action taken.

Contested Cases

- D. Case P06-79. The rezoning of two parcels totaling 68.12 acres from A1 to R20, or to a more restrictive zoning district, at 2835 John McMillan Road, owned by Lawrence C. and Phillip C. Smith.

The Planning Board recommends denial of R20 and approval of R40.

SPEAKERS:

Phil Smith – Mr. Smith asked the Board to consider rezoning the parcel on the back of the lot R30. He described plans for a subdivision, Oasis at Singletree, in which homes would average from \$200,000 up. He was satisfied with the R40 zoning on the front parcel. Mr. Smith said the property has been in the family for over 100 years. He noted it would support wells and septic tanks.

Upon finding the request to be reasonable, neither arbitrary nor unduly discriminatory, and in the public interest, the following motion was offered:

MOTION: Commissioner Blackwell moved to follow the recommendation of the Planning Board and rezone both parcels R40.

SECOND: Commissioner King

VOTE: UNANIMOUS

- E. Case P07-14. The rezoning of 3.0 +/- acres from A1 to R20A, or to a more restrictive zoning district, at 1770 Yarborough Road, owned by Dennis K and Linda G. Dobbins.

The Planning Board recommends denial of R30 and approval of R40.

SPEAKERS:

Tammy Barry, petitioner, noted there is some R30 zoning about three miles from this property. The houses that will be built will run from \$200,000 and higher.

Donald Collier – 4759 Wade-Stedman Road. Opposed. Will change the neighborhood. It is a rural community.

Donna Stringfellow – Opposed to rezoning. Keep the area rural. Not opposed to growth, but wants it at the current standards (2 acre lots).

Morgan Johnson – concerned about the rezoning. Area is rural. Infrastructure should be in place before large subdivisions are built.

Kathy Stewart – 4857 Wade-Stedman Road. Opposed to the rezoning. Likes the open space and rural atmosphere of the community. No public water & sewer in the area at this time.

MOTION: Commissioner Council moved to deny the rezoning request and leave the property A1.

SECOND: Commissioner Wheatley

DISCUSSION: Commissioner Henley noted that the Board will need to determine what it is willing to consider as appropriate zoning on large tracts once the 2030 Plan has been adopted. He noted that once water and sewer have been extended to the more rural areas people will be applying for R20 density. Commissioner Blackwell agreed with Commissioner Henley. Commissioner King said he thought the R40 was a reasonable compromise.

VOTE: FAVOR: Commissioners Council, Wheatley, Blackwell, Melvin

OPPOSED: Commissioners Edge, King, Henley

Other Public Hearing

G. Community Development 2007 Annual Action Plan.

THE BOARD REMOVED THIS ITEM FROM THE AGENDA.

Items of Business

4. Consideration of a Request from the Eastover Sanitary District for a \$250,000 County Loan for Phase I - Sanitary Sewer Project.

BACKGROUND: Initially the District had planned to ask the Board for funding in the amount of \$250,000. It had anticipated receiving money from Community Development and the Rural Center. However, based on some information just received the request for the \$250,000 has been amended. There remains some uncertainty how much, if any, Community Development funds can

be qualified for this project. The County Manager recommends that the Board approve a loan in a range of 250,000 up to \$550,000, depending on what amount of Community Development funds can be qualified for the project, to be repaid in 15 years, at the prevailing interest rate. The Manager said that at this time it is not clear exactly how much loan the District will need. He said there is some hope that Community Development funds can be used for some of the project; but at this time, those funds are not available.

ACTION: Follow the recommendation of the County Manager and approve a loan of \$250,000 - \$550,000, to be repaid over 15 years, at the prevailing interest rate, to be evidenced by an interlocal agreement reflecting the above terms, and authorize the County Manager to execute the agreement on behalf of the County. In addition, approve associated budget revisions B07-319&319A).

MOTION: Commissioner Council moved to follow the recommendation of the County Manager as noted above and authorize the Manager to enter into an interlocal agreement regarding this action.
