- F. Approval of Revisions to the Cumberland County Travel Policy (CP-06).

BACKGROUND: The County Manager is recommending changes to the County Travel Policy in order to appropriately reimburse an employee for travel based upon the economic differences in geographical areas. The most significant change relates to the rate of reimbursement for meals and incidentals. The rate of reimbursement will be those rates published by the GSA (General Services Administration) based upon individual destinations within the Continental United States. The GSA recommends a standard daily per diem rate for any locality not specifically identified and daily per diem rates for city/counties listed individually. This information will be available on the County Intranet and will be revised upon changes published by the GSA. Management does not expect that these new rates will increase the County's expenditure for travel reimbursement.

ACTION: Approve

- G. Approval of Eligibility Requirements for Cumberland County Retiree Health Insurance.

BACKGROUND: The Governmental Accounting Standards Board (GASB) has issued new guidance concerning the accounting and reporting for post employment benefits under Statement 45. The new standard requires local governments to engage a firm to calculate the current and future costs associated with retiree medical insurance and to develop a plan to address the future cost. Currently, the county plan offers employees who retire with at least ten consecutive years of service continued medical insurance benefits. Calculations were made based on ten years, twenty years and twenty-five years, and management recommends that the vesting period be changed from 10 years to 25 consecutive years to reduce the future financial impact of providing retiree health insurance. This would be effective July 1, 2008 for employees hired on and after that date.

ACTION: Approve changing the vesting period from ten years to twenty-five years for retiree medical insurance eligibility by adopting the Resolution.

- Address needs in Overhills park community due to a large number of failing septic tanks;

5. Consideration of Fayetteville City Council's Request for Parks & Recreation Referendum.

BACKGROUND: The Fayetteville City Council adopted a Resolution on May 27, 2008 declaring its support for a joint parks bond issue to be placed on the November ballot regarding a joint parks bond issue on the ballot for November. The City wanted a response from the Board of Commissioners by July 1, 2008. At a joint meeting on April 8, the City Council and the Board of Commissioners requested that the Parks and Recreation Department provide information on operational cost for each project, plan for marketing the bond issue and designate an optimum

time for the bond issue. At this time, no information has been provided. Some issues that need to be addressed are:

Disparity between the projects in the five year action plan approved by the Board in June 2006 and the projects recently recommended;

Cost allocation and specific estimates for staffing requirements/operational costs for Each of the projects;

Well-planned and prepared parks and recreation bond referendum proposal should be developed through the framework agreed to by the City and County in the 2004 Operations Agreement for Parks and Recreation Consolidation, which calls for joint development of a Capital Improvement Plan addressing the issues above that would then be subject to approval by both governing boards.

ACTION: Consider whether the Board has sufficient information to determine that November 2008 is the optimum time for this bond issue.

The Board discussed this issue extensively. Some of the comments regarding the bond referendum are as follows:

Scheduling a bond referendum in November might not be a good move because of the recession and the fact the county just reduced the property tax 2 cents;

Not enough information to move forward, i.e. cost, which entity pays for what; operational costs, how the projects will be paid for, will a tax increase be needed to pay for the projects, other funding options, etc.

MOTION: Commissioner Henley moved to direct staff to meet with the City of Fayetteville and the Parks and Recreation Department to address the questions outlined in the Manager's memo and the other issues noted above, and report back to the Board at its first meeting in August with any and all information that would allow the Board of Commissioners to determine if there is enough info to go forward with a bond referendum in November.

SECOND: Commissioner King

DISCUSSION: Commissioner Wheatley said she would like to know if there are alternative financing options, can we do the project without raising taxes, and how the costs will be divided between the city and the county. Commissioner Henley said there may be ways to do the project without a tax increase because of a decrease in the County's debt service over the next several years. Commissioner Edge said he did not believe the citizens would vote themselves a tax increase in November when the Board of Commissioners just decreased the tax rate two cents, effective July 1. Commissioner Council said she did not understand why we were doing this because in the request from the City, it required a reply by July 1.

VOTE: FAVOR: Commissioners King, Henley, Melvin

OPPOSED: Commissioners Council, Blackwell, Edge, Wheatley

MOTION: Commissioner Henley moved that staff bring back a report within three months to address the issues noted above.

SECOND: Commissioner King

DISCUSSION: Grainger Barrett, County Attorney, noted that the information the Board is requesting is essentially info that is found in a CIP (Capital Improvement Plan), which is something the city and county agreed to do in the joint agreement that was signed when the county and city departments merged. Chairman Blackwell said he could support this motion. Commissioner Edge said this is not necessarily a priority for him. Commissioner Council noted the Board has said its priority is clean water. The County Manager said he believed the information the Board is requesting in three months is an aggressive schedule; he asked for an extension of time to November.

AMENDED

MOTION: Commissioner Henley moved to extend the time when the report is due back to the Board to the first meeting in November.

SECOND: Commissioner King

VOTE: FAVOR: Commissioners Henley, King, Blackwell, Edge, Wheatley, Melvin
OPPOSED: Commissioner Council

6. Consideration of Request to City of Fayetteville for Municipal Solid Waste and C&D Solid Waste Franchise.

BACKGROUND: The NC Department of Environment and Natural Resources adopted new regulations which were interpreted by the Attorney General on June 4 as requiring any entity which sought to obtain or renew a permit for municipal solid waste and/or construction and demolition waste to obtain a franchise agreement or approval from any local jurisdiction in which the facility was located. Since the County's Construction and Demolition permit is currently up for renewal, the County must seek approval from the Board and a franchise from the City of Fayetteville for the Ann Street Landfill.

ACTION: Set a public hearing for August 4, 2008 regarding the continued county operation of a municipal solid waste and construction and demolition waste facility at Ann Street for a thirty year period and request the City of Fayetteville grant the County of Cumberland a 30 year franchise for the continued operation of the waste facility at the present Ann Street location. Following the public hearing the Board may move to continue the operation of the Ann Street facility for a period of thirty years.

MOTION: Commissioner King moved to approve the proposed action noted above.

SECOND: Commissioner Wheatley

VOTE: UNANIMOUSLY

7. Consideration of Short-Term Contract with Pratt Industries to Handle City of Fayetteville Recyclables at the Ann Street Landfill.

BACKGROUND: The City of Fayetteville will begin a recycling program July 1, 2008. The City declined the County's proposal to participate in this program and accepted the proposal of Waste Industries who in turn subcontracted with Pratt Industries for disposal of the City's recyclables after pick-up. Pratt approached the County's Solid Waste Director with a proposal to use the Ann Street facility as a weigh station for off-loading recyclables from vehicles used to pick up recyclables at curbside and reload them onto vehicles which will transport to recycle centers outside of the County. The Director of Solid Waste has negotiated a short-term contract (3 months) with Pratt to use the county's site as noted above. In the event the County and Pratt Industries want to continue the arrangement beyond three months a more comprehensive contract will be negotiated and brought to the Board for approval.

ACTION: Approve the Agreement as noted above, pending favorable action of the City on the County's request for a thirty-year Municipal Solid Waste/Construction and Demolition Waste Franchise for the Ann Street Facility and authorize the county Manager to execute the contract on behalf of the County, subject to approval by the Legal Department.

MOTION: Commissioner Council moved to approve.

SECOND: Commissioner Edge

7A: Consideration of supplement to Sales Tax Distribution Agreement relating to annexation of Ft. Bragg by Fayetteville and Spring Lake

BACKGROUND: Fayetteville and Spring Lake have requested local legislation from the General Assembly annexing Ft. Bragg in the manner agreed to by the municipalities. This supplement would modify, as between the County, the City and the Town, the Interlocal Agreement dated October 31, 2003 between the County and all of the municipalities in the county relating to distribution of sales tax revenues to provide that 100% of additional sales tax revenues from the annexations would be remitted to the County.

ACTION: Approve the Supplement to the Interlocal Agreement, subject to and conditional upon approval by the City of Fayetteville and the Town of Spring Lake and subsequent ratification by the Board of Commissioners following such approvals.

MOTION: Commissioner King moved to approve.

SECOND: Commissioner Council.
